

The Groundhog Legend

Cut out the sentences and paste them in the correct order.

He comes out of his burrow.
He goes back in his burrow for six more weeks of winter.

It is sunny. The groundhog sees his shadow.
The groundhog wakes up.

The Groundhog Report

- Groundhogs belong to the squirrel family.
- Groundhogs are also called woodchucks, marmots, and whistle pigs.
- A groundhog has mostly grayish brown fur, a bushy tail, and claws made for digging.
- An adult groundhog is about two feet in length from head to tail and usually weighs between five and 14 pounds.
- A groundhog eats green vegetation such as grass, clover, and alfalfa.
- Groundhogs live in underground burrows that may have more than one entrance.
- To communicate danger, a groundhog makes a piercing whistle sound.

Mr. Groundhog's Day

On February second
The groundhog looked about
The sun was shining brightly
But his shadow wasn't out.

Mr. Woolly Bear was watching
The groundhog searched around
"Mr. Groundhog, look behind you
Your shadow's on the ground."

"Hooray," the groundhog shouted
"For once we both agree
Six more weeks of winter weather
Six more weeks of sleep for me."
