

Did It Come From a Plant?

Many things we use, eat, or drink come from plants. Which three things in the box do you think came from plants? Color your choices.

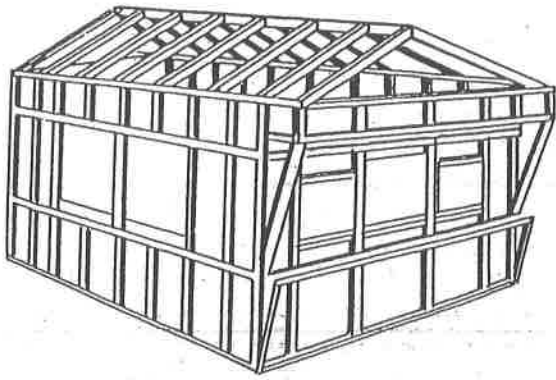

Draw a line from each object below to the plant it came from.

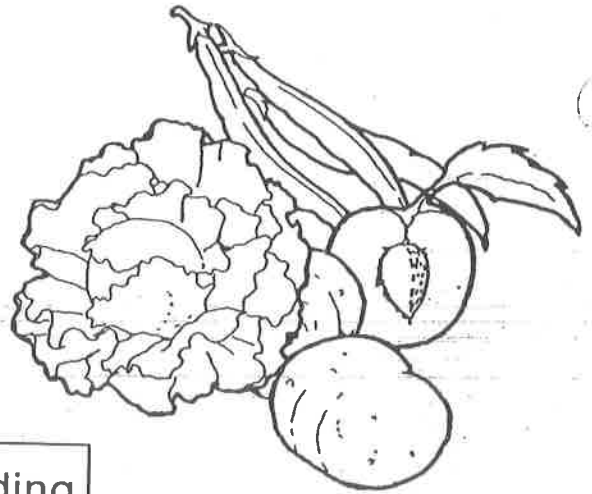

Be a Scientist! Write the names of ten more things that come from plants.

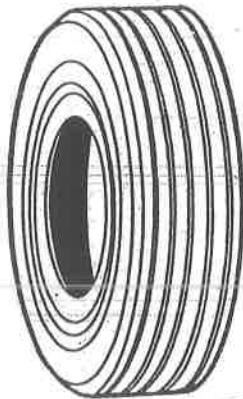

What Comes from Plants

food

wood for building

paint

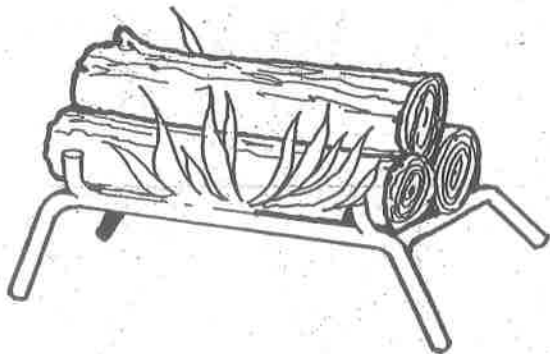

rubber

firewood

cloth

beauty

1. Show what people get from plants by drawing a line from the word to the picture.
2. Circle in red the picture that shows something people wear.
3. Circle in blue the picture that is part of a car.
