My Mini-Book About

Storms

Name _____

In a **thunderstorm**, lightning flashes, thunder sounds, and rain falls.

1

A **blizzard** is a snowstorm with high winds and very cold temperatures.

2

Rain falls during an **ice storm**, but freezes when it hits the ground.

3

A **hurricane** is a spinning storm that starts over water. It brings big waves, heavy rains, and strong winds when it hits land.

4

A **tornado** is made of winds that spin very fast in the shape of a funnel. It destroys almost everything in its path.
